Getting Started on Going Green

Food and Beverages

- 1. Choose a venue that donates food and composts food waste.
- 2. Discuss with the caterer local food choices to reduce food transportation costs.
- 3. Serve water from pitchers and avoid disposable bottles plates, cups and utensils.
- 4. Ask what recycled or recyclable materials are available.
- 5. Relax the rules about keeping buffet containers full to the brim.

Site Selection

- 6. Pick a venue that's nearer to airports, train and bus stations, and that offers plentiful public transportation.
- 7. Encourage people to walk to shops or restaurants rather than cab it.
- 8. Find out if the venue is LEED certified.
- 9. Ensure that the venue's cleaning practices protect indoor air quality.

Communication

10. Give attendees credit for helping make a positive impact by quantifying the efforts.

On-Site Supplies

- 11. Reuse signage.
- 12. Collect badge holders to use again.

For additional ways to "green" your event, talk with the event planners at Monona Terrace. Call 608.261.4000 or email info@mononaterrace.com.
