

MAZOMANIA **GLASSWORKS**

MAZOMANIA GLASSWORKS

is proud to have been a part of
MONONA TERRACE

MAZOMANIA GLASSWORKS is a **full service, turnkey** company. We offer complete design services or will work with your architect/designers to realize your vision. We have complete CAD capabilities. We engineer all of our work in house and take all of our projects from conception to installation.

Mazomania Glassworks was responsible for all shop drawings, engineering, manufacturing, fabrication, and installation of the **MONONA TERRACE BALLROOM CHANDELIERS**. Working under very tight time constraints, Mazomania Glassworks was able to go from producing detailed and engineered shop drawings to final installation of the Ballroom Chandeliers in just three months.

Mazomania Glassworks specializes in all types of lighting devices. We work with any application of: **neon, fluorescent, halogen** (low and high voltage), and **incandescent lighting**.

We have a full scale hot glass facility to realize any specialty shapes in **blown or kiln formed glass**. Mazomania Glassworks can execute projects in virtually any material. In metal we work with **brass, bronze, aluminum and steel**. We do **custom automotive quality painting** as well as large scale **anodizing of aluminum**. We also have **full wood shop** capabilities to effectively and quickly render working prototypes. Our expertise in **Plexiglas and acrylic** are evidenced in our chandeliers for the Monona Terrace Ballroom.
