Electrical Notice

Please be advised that power is not provided with your booth space. Each exhibitor is responsible for ordering and paying for all electrical hookups. An electrical inventory is conducted to determine if power is being used by each booth. **Plugging into an outlet constitutes an order and you will be charged accordingly.**

Standard 10-amp service provides two outlets suitable for most booth LED lighting, small appliances (without heating element) and electronic devices. Please check your appliance for electrical requirements.

It is advisable to order your electrical hookup in advance so we will not have to disturb you in your booth while you are with a customer. If you have not made arrangements for an electrical hookup prior to the show move-in day, please come directly to the Utility Service Desk to place your order.
